

E-RES ready

# ImpRESsion

A model specifically designed to meet F3-RES regulations.

Optimized airfoil design for excellent thermal and glide characteristics

[www.rs-aero.com](http://www.rs-aero.com)

The ImpRESSion is designed for the F3-RES competition class of gliders. Wing airfoils have been developed to provide optimal thermal, glide and sink rate characteristics.

Pilots will appreciate stable flying characteristics, a wide operating envelope and versatility, creating an exceptional glider for your soaring enjoyment. The ImpRESSion has proven its self with top placings in many F3-RES competitions.

Pilots of all building abilities will enjoy the construction of an all balsa, precision laser cut kit, with full size color plans.

#### Technical data:

<b>Wingspan:</b>	<b>200 cm</b>
<b>Lenght:</b>	<b>108 cm</b>
<b>Wing Section:</b>	<b>AG35</b>
<b>Weight:</b>	<b>450 g</b>
<b>Wing Area:</b>	<b>31,20 dm<sup>2</sup></b>
<b>Wing Loading:</b>	<b>14,4 g/dm<sup>2</sup></b>

**Controls:** elevator, rudder, spoiler

**Flugmodellbau Scheibelhofer**

A-7423 Pinkafeld - Am Kalvarienberg 3
